

County's churches places of tranquility, beauty

Nestled in villages, hidden down back roads, churches are a testament to pioneers' faith

by Sue Cooper

There is little that can surpass the joy of travelling down an old country road to find a pioneer church nestled in the back woods of Haliburton County. At first there is a feeling of apprehension as the absolute silence of a beautiful summer day settles on the church yard, but the warmth and love the Christian faith has preached for centuries seems to pervade the pioneer buildings.

Whether the churches are still in use and surrounded by modern houses and facilities, whether they are abandoned or preserved for historic significance, the character they give to the area cannot be denied. Of the abandoned churches in Haliburton County, Bethel Church must surely be the most beautiful. Although passers-by are denied the chance to peer through the windows and cannot pass through the door, the sturdy log structure remains almost in the same state as when it was built in 1889.

The exact date of construction is not known but land was deeded to the Methodist Church on April 16, 1889 naming Alfred Archer, Thomas Cox, Sidney Stephens, Mary G. Cox and John Goodman on the document. In the fall of that year, the logs were taken from a nearby bush by Thomas Archer Construction.

When the intricate dove-tailing of the logs began, John Blain Robertson, James Nesbitt, George Robertson, William Hogg and Thomas Robson were there to swing their adzes.

Not only were the logs carved locally but the shingles were split from Robert Thompson's mill near the creek at Mitchell's Bridge.

By 1961, however, the Bethel Church had fallen into disrepair. So the Haliburton Highlands Chamber of Commerce approached the Lindsay Presbytery of the United Church of Canada for permission to renovate the building.

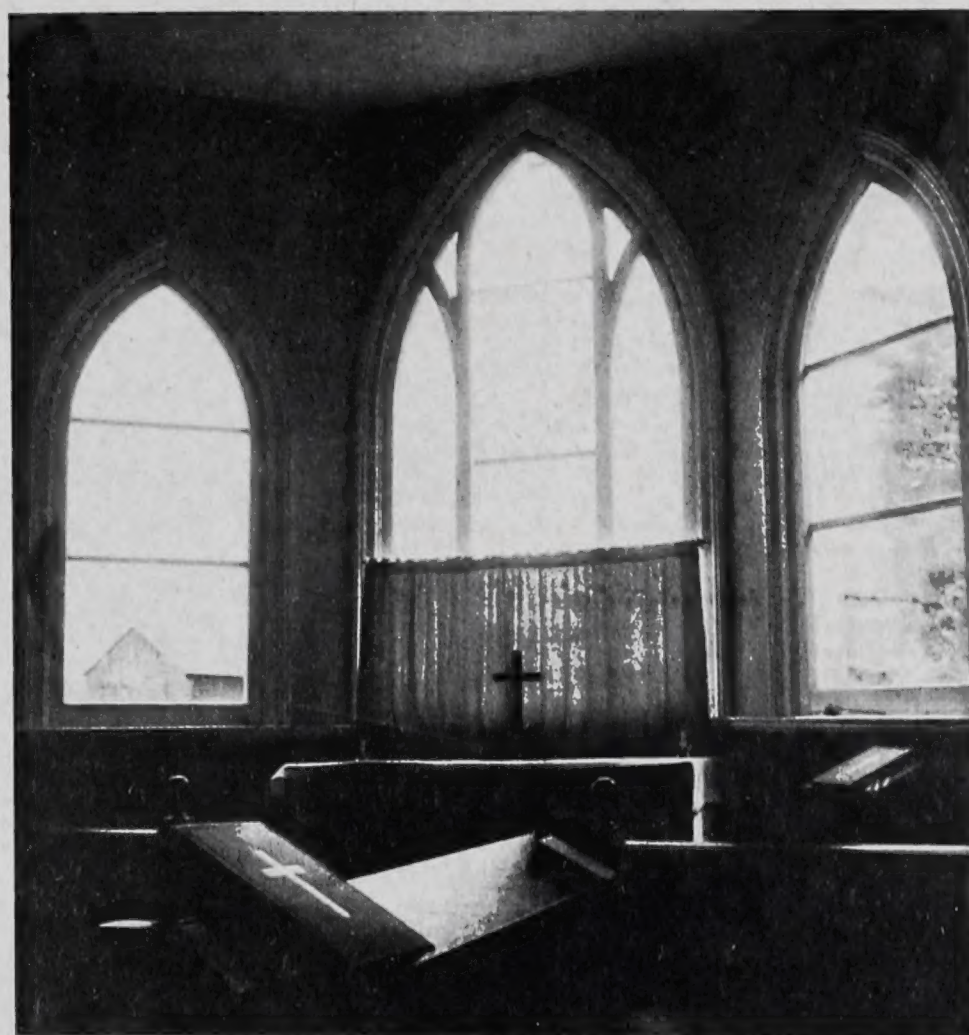

Permission was received and restoration began by chinking the logs and replacing windows. As well, the roof and the interior were restored to their original beauty. When the restoration was completed Mrs. William Prentice Sr. donated an organ which was originally owned by Miss Sarah Ranson of Minden's Ranson House, now the Rockcliffe Hotel. The warranty for the organ was dated 1903.

Since that time the windows on the Bethel Church have been boarded and the door has been locked so only the exterior of the hand-hewn logs can be enjoyed.

St. Paul's Anglican Church on the north side of the Gull River in Minden is a turn about from the Bethel Church as its pioneer beauty is enjoyed every Sunday and its door is not locked to deter neighbours from enjoying its striking wooden interior.

The church, founded by Rev. Frederick Burt, is thought to have been built some time prior to 1871. This date was discovered when a new bell tower and rectory apartment were being constructed in 1947. When the old boards were torn away a newspaper pasted to the interior carried an

Cont'd. page 3

A church's beauty may be at its best when the congregation has filed out the doors and the peaceful sunshine can shine in. Ironside church gave off a warm glow as the sun peeked in and the room came alive, last Friday morning.

Stained glass is striking

Monmouth sets

1981 budget
up 7 percent

Ratepayers in Monmouth will have no increase in the municipal portion of taxes for 1981 but total taxes will increase approximately 7 per cent due to increases in county and Board of Education levies.

The 1981 municipal budget has been set at \$347,896, up \$76,613 from 1980. Due to additional assessment, provincial subsidies and a surplus from 1980, however, the municipal mill rates are down fractionally. The commercial mill rate has been set at 442 compared to 446 in 1980 and the residential mill rate is 376 compared to 379 for 1980.

In the category of general government, the 1981 budget calls for expenditures totalling \$57,000, up slightly from the 1980 expenditure of \$56,551. The increases due to wages and office equipment are offset by the absence of election costs which were included in last year's budget.

Transportation costs have been set at \$157,129 compared to \$181,943 for 1980. The new budget includes a supplementary expenditure for a new Class 5 grader. Street lighting is set at \$15,500 compared to \$2,960 actually spent in 1980. Council will be looking at the possibility of installing additional street, park and security lighting, according to clerk Sharon Hunter.

Environmental services have been set at \$4500 compared to \$4372 spent in 1980.

Health services are up for 1981 budgeted at \$3000

Cont'd. page 2

Waiting for the moment when you'll have to reach up to get your kindergarten graduation diploma can be a painstaking event for some children, while others just

relax and enjoy the festivities. These children graduated on Friday morning at Archie Stouffer Public School in Minden.

Chamber board adopts revised budget

The Haliburton Highlands Chamber of Commerce has set a 1981 budget of almost \$100,000, revising an earlier and more ambitious budget proposal presented to county council in March.

The new budget calls for less extensive promotion and marketing than had been anticipated in the earlier budget proposal, but maintains spending at 1980 levels.

It includes \$3000 for professional assistance in developing a marketing program and \$1400 to partially retire a deficit of \$2,508 carried over from 1980.

Presentation of the new budget, which was adopted by the Chamber board June 3, came at a meeting of Haliburton County council last Wednesday, attended by

a number of Chamber directors.

More than half the budget will be spent on administration. Anticipated spending in the category totals \$55,250, which includes \$27,800 for payroll, \$4,700 for travel, \$1000 for training and convention expenses, \$1800 for heat and utilities, \$3000 for stationary and postage, \$1200 for maintenance of the

Chamber office on Highway 35, \$1800 for equipment rental, \$2,700 for membership fees to various organizations, \$750 for audit fees, \$10,000 for the economic development commission, and \$500 for miscellaneous expenses.

Revenue for administration will come from membership fees of \$20,000, (up more than 75 per cent from 1980 membership revenues), direct county grants of \$16,500 for the Chamber and \$10,000 for the economic development commission, and miscellaneous revenues of \$1500, for a total of \$48,000.

The administrative deficit is expected to be \$7,250, but the figure will be reduced significantly by revenues under the category of membership services.

In that category, the Chamber board expects to spend \$3000 for copy work materials, \$2,400 to replenish its map inventory, \$1000 to partially reimburse the county for tartan material, \$200 for miscellaneous souvenirs, and \$1000 for meetings, for a total of \$7,600.

Anticipated revenues of

Roof, walls lack insulation, windows don't seal

Hyland Crest wastes energy, solutions could prove costly

The Hyland Crest committee of management is grappling with a severe energy waste problem that is costing taxpayers thousands of dollars a year.

Built in 1967 when energy was cheap and supplies seemed inexhaustible, the home has little or no insulation in its roof and walls. Crawl spaces also lack insulation, windows are ill-fitting, exhaust fans pump heat into the outside air and high ceilings allow heat to rise and escape through the roof.

These and other problems were uncovered recently by an Ontario Hydro official called in at the request of the committee. Details of the official's report were released to county council at a meeting last Wednesday.

Management committee member Ken McGuire told council that if one of the home's two oil-fired boilers were converted to electricity, yearly savings could be in the order of \$3,500 because of the lower cost of electricity for bulk users compared to oil.

The home consumed some 52,000 gallons of heating oil last year, McGuire said. If one boiler were converted to electricity, it could carry the home's heating needs, and the second boiler would remain oil-fired to handle emergencies, McGuire said. An auxiliary electrical generator already in the home would power the electrical apparatus on the oil-fired boiler in case of complete electrical failure, council was told.

Other savings could be realized if new slider tracks were installed in the home's windows, McGuire said. The Hydro official discovered that gaps around the windows are allowing heated air to escape.

Committee chairman Ron Gambell described the situation as "incredible" in an interview.

"It's just a hell of a mess," Gambell said. "You can't believe it." In some parts of the home, concrete block walls are uninsulated and exposed to frigid winter temperatures. The cold penetrates into hallways and other

areas, requiring a constant infusion of heat from the boilers just to maintain acceptable temperatures.

Gambell said some of the problems can be corrected with a minimum of difficulty by the home's maintenance staff, but he added that there may be no easy solutions to other short-comings, such as the lack of insulation in the roof.

New tracks for the windows will be installed this summer, and some crawl spaces will also be insulated, Gambell said.

"It's our top priority," he said. "It's a must."

Much of the work could have been done years ago, the committee chairman said, but no one was overly concerned about energy consumption until costs began to rise dramatically.

"If oil was still down in

price, we wouldn't be doing this," Gambell admitted.

While the Hydro official recommended some steps to ease heat loss, including the installation of fans in high ceilinging rooms to force hot air back down, a complete study of energy consumption and waste may not be completed for some time.

Gambell said the committee has been trying to get the

Cont'd. page 2

The competitive spirit was tempered with just plain fun last Thursday when youngsters from Haliburton Highlands Senior Elementary School competed in a number of zany games such as this one in which the object is to use a can filled with holes to carry water to a jar about 30 feet away which must be filled before one team is declared a winner.

Guilford to mark Canada Day

Fireworks will round out day of races, contests, fun

West Guilford will be celebrating Canada's birthday in style next Wednesday. When the July 1 holiday rolls around, all eager celebrants should head to the West Guilford recreation centre anytime from noon until dark.

This good ole' time festival will feature events for the young and old throughout the day.

If you've ever wanted to be the fastest; kid on the block, and even if you're the oldest kid on the block, you can

participate in the races. For these events, you'll need your very best pair of runners to be any competition for the fast-footed West Guilfordites. So, start practising now for these entertaining races.

Short distance swim contests will also be testing the athletic prowess of the crowds that attend the celebration.

While the less-experienced may choose to take part in the short distance swim contests, the old pros will be warming

up for the famous 'Pine Lake Swim'. All contestants for the marathon are asked to register early in the day to ensure they are included in the event. Although good swimming ability is required to conquer the long distance, swimmers will not be allowed to compete unless they supply their own row boat and two companions to make sure no accidents occur while crossing the lake.

Early registration is also suggested for the horseshoe

tournament which will undoubtedly name the best pitcher in the area. The horseshoe pitching contest, which is definitely a remnant from days gone by, was probably one of the most popular events at the celebration on Canada's first birthday in 1867.

Cont'd. page 3

DREE funds to be used for Peterson Road work

Some \$400,000 will be spent on the Peterson Road in Hastings County this year, to link Maynooth to G.W. Martin's mill at Benoit Lake in Haliburton County.

Frank Walker, forestry supervisor for the Bancroft District of the Ministry of Natural Resources said the forest access road, five miles out of Maynooth will be upgraded to municipal standards to allow heavy log trucks to cut mileage off regular trips to the mill yard.

The new route, approximately 11 miles long from Maynooth, will cut about 28 miles off the truckers' route. It will also benefit local residents and cottagers, the ministry said.

"It's going to save a lot of miles," Walker said.

Although the Department of Regional Economic Expansion (DREE) has provided funds for upgrading of the forest access road in Hastings County, funding for the project stops when the road reaches Haliburton County's boundary. Walker said Martin's mill will be upgrading the mile of road in Haliburton County but he was unsure if the municipality would be taking it over in the future. Municipalities in Hastings County will be responsible for maintaining the road when construction is completed in the fall.

The project, which began last year with a \$400,000 expenditure, calls for five miles of forest access road to be improved to municipal standards.

Window smashed at Red & White, man charged

A Donald man was arrested early Sunday morning after two large windows in the Haliburton Red and White were smashed.

At 6:30 a.m., a citizen heard glass being broken and reported it to police. When an officer arrived, some cigarettes and groceries had been taken.

Arrested for breaking two \$600 windows and the theft was Richard Wayne Shaw, 29.

Chamber adopts budget

from page 1

\$12,000 under the membership services category will leave a surplus of \$4,400, however, which will help to offset administrative costs.

The revenue is expected to come from \$6000 worth of copy work, map sales of \$3000, tartan sales of \$1000, souvenir sales valued at \$500, and meeting revenues of \$1500.

The new budget calls for total promotion and marketing spending of \$39,600, which includes a \$4000 grant from the Central Ontario Tourist Association.

The Inwats toll free telephone installed earlier this year will cost \$6000 in 1981, but finance chairman Curtis Eastmure said the board believes it can generate user fees totalling \$6,900, leaving a surplus of \$900 to be applied to the promotional program.

A total of \$2,250 has been included for media advertising and a further \$200 has been budgeted for the preparation of news releases.

Under the revised budget, Chamber representatives will be able to attend only a single show this year, the sportsmen show in Toronto.

Some 25,000 directory books will be printed at a cost of \$11,000, but advertising revenue is expected to total \$24,000, resulting in a surplus of \$13,000 which will be used for other programs under the promotion and marketing category.

A total of \$8,000 will be spent for 50,000 lure brochures, but the COTA grant of \$4000, will meet half the cost.

The budget also calls for the printing of 20,000 accommodation guides, at a cost of \$3000, but revenues of \$3,500 from the brochure will result in a \$500 surplus.

Other expenditures called for in the marketing program include \$3000 for a professional consultant, \$500 for local public relations, \$200 for a membership brochure and \$4,250 in administration costs which will be applied to defer the overall administrative deficit.

Hyland Crest

from page 1

provincial energy ministry's energy bus to come to the home, so far without success. The bus contains equipment for detecting and monitoring heat loss, and experts who operate it can make recommendations on how to cut down energy consumption, but the bulk of the government's effort with the bus has been directed towards industry rather than relatively small public facilities like the home.

The committee will continue to press for the bus, however, Gambell said, and in the meantime, will see that some of the suggestions set down in the hydro official's report are implemented.

Art Dawson, left, outgoing president of the Haliburton Rotary Club, handed over the chain of office to incoming president David Bishop at the club's year-end meeting last Thursday.

County council agrees to ask province to study impact of change to district

Haliburton County council will ask the ministry of intergovernmental affairs to review the county's current 'provisional' status and outline the benefits and pitfalls of a change to a regional municipality.

At a meeting last Wednesday, warden Murray Fearrey said he had talked to a ministry official following the May meeting of council, and that there is "no disagreement" the 'provisional' status for the county should be dropped, making it a full-fledged county.

Fearrey said the change could be made with a minimum of difficulty if council requested it.

The move would not affect the political status of the county, or its dealings with the province in any way, council was told.

But Fearrey said the ministry is also prepared to look at financial and other effects that would result from a request to change from a county to a district municipality. He said officials would

look at "the whole scope of district municipal government" as it might apply to the area, and would outline the effects it would have "in terms of dollars".

The warden stressed however, that the intergovernmental affairs ministry is not about to suggest any form of regional government for the area, and will not even suggest a major restructuring of county municipalities.

But it may recommend slight changes, such as the inclusion of the Improvement District of Bicroft under Cardiff Township.

Fearrey said the ministry would complete the study and present it to the planning

committee, who would then take it back to the whole council by October. He urged council to ask for the information with the understanding that no move would be made without council approval.

"It's an exercise that I don't know how we can refuse...at this point," Fearrey said.

"There can be parts of this thing adopted and not others," he said, stressing that it would be up to council to decide if the benefits of a change were tangible and attractive.

In the end council agreed to ask for the study, with a view to considering it by October.

Monmouth adopts 1981 budget

from page 1

compared to \$1889 spent in 1980.

In the category of social and family services the 1981 budget has been set at \$15,100, \$12,000 of which is subsidized at 80 per cent by the provincial government.

Spending is down in the category of recreation and culture, even though it is the township's centennial year. The new budget calls for expenditures of \$66,667 in the category compared to \$69,850 for 1980.

Spending for protection to persons and property has been set at \$17,000. Under the heading of fire, the

budget is \$5,000 compared to \$19,379 spent in 1980. Protective inspections is set at \$12,000 compared to \$9,955 spent in 1980. The increase is due to salaries.

Spending for zoning and planning has been set at \$2,000 compared to \$2810 spent in 1980.

The budget also includes a \$10,000 expenditure for a working fund reserve.

Ratepayers who want to take a closer look at the township's revenues and expenditures can examine the 1981 budget at the municipal office, clerk Sharon Hunter noted.

Stanhope holds June meeting

At its June meeting, Stanhope Township council considered the following:

Elgin Stouffer and Dale MacDonald, declared a conflict of interest on the general accounts payable and road voucher #5 and refrained from discussion or voting.

Council concurred with a proposed motion to be passed by county council with respect to the inclusion of any apportionment guarantee grant into the calculations of future general support grants for the county.

Council authorized a donation of \$50 to the Hyland Crest Senior Citizen's Home to financially aid in the costs of hosting the "Over 70's Dinner" to be held June 23, 1981.

Council authorized an additional progress payment to the Stanhope Firemen's Association in the amount of \$1,000 on the contract for firehall renovations.

Council will contact the Deputy Minister of Natural Resources respectfully requesting that further consideration be given to the granting of immediate funding to the Haliburton County Snowmobile Club for completion of a project which will allow construction of a bridge over the Irondale River south of Gooderham.

Council hereby authorized the following donations: Haliburton Highlands Guild of Fine Arts, \$35; Ontario Special Olympics Inc., \$50.

Council authorized the

building inspector to issue a building permit to Stanley Rogers for the construction of a garage and/or boat storage building on property owned by Letmark Inc., subject to a lease as presented between Letmark Inc., and Stanley and Frances Rogers being duly executed. In addition the lease shall be of a registered nature and proof of the registration of the lease shall be deposited with the building inspector at the expense of the leasees. The lease shall contain a condition which clearly indicates the building shall not be used for habitation and subject to contravention of this condition the lease would become null and void and the said building may be removed by the Township of Stanhope at the leasees expense. Also the lease shall contain a clause which indicates that Letmark Inc., and Stanley and Frances Rogers agrees to "Hold Harmless" the Corporation of the Township of Stanhope from any claims which may arise as a result of this approval and subsequent issuance of a building permit for the structure. Written final approval of the lease is to be obtained from the township solicitor at the expense of the leasees.

Council authorized the advertising for tenders for the supply of a 5-ton 34,000 lb. GVW diesel truck. (cab and

chassis only). Specification forms to be picked up or requested from the municipal office. Tenders to close July 7, 1981 at 5 p.m. Lowest or any tender not necessarily accepted and any acceptance subject to the approval of the Ministry of Transportation and Communications. Elgin Stouffer voted nay.

Council accepted the tender bid from Miller Paving Limited for the prime and surface treatment as advertised by the County Roads Department on behalf of Stanhope Township. This acceptance is subject to the approval of the Ministry of

Transportation and Communications.

Council will advise the Land division Committee that land described in application #H 49/81 would appear to be in zoning conformity with the proposed use and therefore an amendment to the zoning by-law is not necessary as previously suggested.

By-laws 81-10 to 81-11 and collect tax rates for the year 1981 and 81-11 to close municipal roads on a temporary basis, were passed.

The next regular meeting of council will be held Wednesday, July 8, 1981.

Local recycling site suggested

With used newsprint fetching \$30 a ton and local dump sites rapidly filling up, at least one county councillor thinks a glass and paper recycling operation should be established in Haliburton Village.

Stanhope deputy reeve Elgin Stouffer told council last Wednesday that Haliburton Red and White owner Mike Easton was willing to allow a trailer to sit on store property that could serve as a collection point for glass and paper.

Stouffer said the county

should consider purchasing one or more used trailers to handle glass and paper, and that the operation could be self-sustaining if local people were encouraged to separate the materials before taking their garbage to the dumps.

Stouffer said revenue from the salvaged material might even pay the salary of an individual to supervise the operation on a part-time basis.

But the suggestion appeared to gain little favour with other county councillors, and no action was taken on the matter.

Road workers for Anson, Hindon and Minden didn't exactly have a great day last Thursday when the township dump truck slid into a ditch in Blairhampton. The men were dragging the road when the mishap occurred.

DREE money allotted for forests

Forest-stand renewal projects in Renfrew and North Hastings counties will be given a \$900,000 boost by the governments of Canada and Ontario this year. It is part of a long-term program to improve both public and private forests in eastern Ontario through intensive regeneration, rehabilitation and management.

The funding is provided under the Eastern Ontario Development Program, with the cost being shared equally by the federal Department of Regional Economic Expansion (DREE), and the provincial Ministry of Treasury and Economics. The work will be done under the direction of the Ontario Ministry of Natural Resources.

The announcement was made jointly by Pierre De Bane, federal Dree minister and by Alan Pope, the Ontario Natural Resources Minister.

Of the \$900,000, one half million has been allocated for work on 600 hectares (1,500 acres) of forests in the two counties. It is expected that about \$200,000 would likely

be recovered through the sale of timber to the forest-products industry.

The five-year program began in 1980, and by the time it is completed over 8,000 man-hours of local labour will have been used. The work consists of planting and seeding cut-over lands which failed to regenerate satisfactorily. In addition unwanted species and poor quality trees are

being weeded out, pine plantations less than 20 years old are being cleaned, and young overstocked stands thinned.

The remaining \$400,000 will be used to bring Peterson Road, in North Hastings County, up to municipal standards. Peterson Road is a forest-access road running from Maynooth to Benoit Lake.

West Guilford plans celebration

from page 1

This celebration might be just the time for the men to prove they can equal the women in the great Pie Baking Contest. Although the men might not be experts, in these days of liberation the women have promised not to discriminate. So get out the old cook book and the rolling pins, men, and show them you know how to make that pie crust flakey.

For everyone who likes to find a bargain wherever they go, this celebration will provide the opportunity as a mini flea market will be set up at

the community centre.

But before-warned; if you're just attending the celebration to clown around, you will be having some competition as the official Canada day celebration clowns will be pulling pranks and gags throughout this once in a life-time festival.

And a celebration wouldn't be a celebration in West Guilford if the locals weren't in top shape to participate in an action-packed baseball game for which the area is known.

What kind of celebration would it have been if the organizers hadn't planned for everyone to bring their picnic supper with a special treat for children 12 years and under?

To top off the entire day a giant fireworks display will light up the sky for miles around.

When all the fun is over and the fun-lovers are heading home they can look back on a day that was entertaining, relaxing and most of all, free. And don't forget, everyone is welcome.

Council endorses more insurance

Concerned about possible liability if people conducting county business are involved in motor vehicle accidents, Haliburton County council has decided to take out \$5 million worth of non-owned motor vehicle insurance.

The coverage is intended to protect the county in case of lawsuits stemming from injury or death when a county employee, councillor, board member or volunteer uses his or her personal vehicle while on county business.

In a resolution passed last Wednesday, council agreed to assume the liability imposed by law in such cases provided that the individual working on the county's behalf does not have insurance to cover the liability, or the insurance they have does not cover the liability, or there is an excess of a judgement over the amount covered by their insurance.

In the latter instance, the county resolution states that it will be responsible only for the excess amount, up to a maximum of \$5 million.

The decision to opt for the increased coverage was unanimous.

Organ in Irondale Church

from page 1

advertisement for a Rice Lake private school dated September 1, 1871. Two of the men credited with contributing to the construction of the church are William Williams, of Gull Lake and George Wyatt who made his home south of Minden.

Beauty was added to the church by Alfred Langdon, a cabinet maker, who created the altar and the pulpit. In 1947, when he was 84-years old, Langdon built pews for six churches including Miner's Bay, Ingoldsby and the United and Anglican churches in Minden.

A century old bible, a treasured belonging of Rev. Burt, is still preserved in the church today. The Burt family has been involved in the church's life for many years as Frederick Burk Jr. bequeathed money to build a parish hall and his daughter was the organist for over 40 years.

When Burt Jr. died in 1929, the congregation purchased the former Presbyterian church, which closed in 1925, to use as the parish hall. However, disaster struck in February of 1937 when the hall was destroyed by fire. The hall was soon replaced by all the members of the community.

In the late 1880's many churches were being built in all corners of the county as St. Peter's Church in Maple Lake was built in 1887; the Zion United Church in Carnarvon was built in the same year; the church of St. John the Baptist in Irondale was constructed by Charles J. Pusey in 1889 and the Church of Christ in Essonville was built in 1888. The essonville church is the only building not used for regular Sunday worship.

However, since Monmouth Township has declared the church as a historic site, a memorial service is held every year to commemorate the early pioneers who settled the area. One of the early pioneers named for building the church is John James Noble. It was the first church erected in Monmouth Township.

These are but a few of the pioneer churches in Haliburton County. Many others are hidden down back roads, like St. Stephen's Church at Boshkung, and some have been converted into houses like the Blairhampton Church which was built in 1893. But all are worth the time it takes to enjoy their peaceful serenity.

A few minutes in a pioneer church can rekindle the feelings of yesterday and provide renewed appreciation for the talents of our forefathers.

The fifth annual Wilberforce fiddle and step dance contest gets underway at the

Out of gas, thieves caught with thumbs out

Thieves driving a stolen truck ran out of gas only about 100 yards away from an OPP officer parked along Highway 35 last Saturday.

The officer, parked along the roadside monitoring traffic with radar, noticed a 1975 Dodge pick-up pull over and stop. Three youths eventually got out of the vehicle and although they walked calmly away at first, they soon started to run.

After checking the vehicle the officer discovered it belonged to the Huntsville Works Department. Further checking revealed their municipal garage had been broken into and the truck was missing.

Although the youths had temporarily disappeared, the officer found them hitch-hiking in the Carnarvon area about two hours later. The youths were handed over to the Huntsville OPP to aid in their investigation.

Jake Joseph Wood, 16 of R.R.1, Dwight and two 15-year-olds from the same area were taken into custody.

arena at 1 p.m. and continues through the evening.

In the fiddle classes, competitors will have four minutes in which to complete a waltz or two-step, a jig or clog, and a reel or hornpipe. Points will be awarded on the basis of timing, accuracy and versatility.

Five categories will be up for grabs. In the 12 and under class, top prize will be \$20, with \$15 and \$10 going for second and third.

In 18 and under, top prize will be \$25, with other prizes of \$20 and \$15.

The 19 to 59 category should be hotly contested, with prizes of \$30, \$25 and \$20 going to the top three finishers.

Prize money will be identical for the 60 and over category, which is always a favourite with the crowds.

The open class will carry a top prize of \$100, with second prize set at \$75, and \$50 going to the third place finisher.

The youngest and oldest fiddlers will also be recognized with prizes of \$10 each.

Eliminations begin at 1 p.m., and the top three players in each class will compete for the prize money beginning at 7 p.m.

Prize structure is identical for the step dancers, but the categories differ slightly at 12 and under, 18 and under, 19 to 49, and 50 and over, with an open category as well.

Finals in the step dance competition will also get underway at seven p.m. following the afternoon's elimination round.

ECHO EDITORIALS

Paying the price

If anyone doubts that we live in a time of changed priorities, he or she should pause to consider the revelations that came forth at a meeting of county council last Wednesday about energy costs at Hyland Crest Home. It seems that when the home was built in 1967, its designers were more intent on creating a structure that would be aesthetically pleasing than on planning a building that would serve the needs of residents for generations to come. Hallways are long, traffic patterns are poor, areas of the home are separated from each other by stairways and numerous corridors, and in general, the size and floor plan of the home do not lend themselves to efficient use of manpower.

These problems have been discussed at county council on more than one occasion, but they are on the whole, inconveniences that can be tolerated. More serious in economic terms is the revelation that the home was designed with little, if any, thought to energy consumption. Who in 1981 could imagine tax money being spent to build a concrete building with little or no insulation? Yet that is precisely what happened in 1967 at Hyland Crest. Boilers have to work over-time to supply the home with heat because it escapes through the roof and walls almost as fast as it can be generated. Some 52,000 gallons of oil were burned last year to supply the home with warmth that radiated into the outside air through improperly sealed windows, fan ducts that vent directly into the exterior, and crawl spaces, walls and ceilings that lack any insulation at all.

Now, the home's committee of management has decided that something must be done. But lurking in the background is the very real concern that the major faults cannot be corrected without substantial cost, if they can be corrected at all.

Clearly, local taxpayers should not be expected to foot the bill for the excesses of a government that ruled in more profligate times. The design faults that are wasting thousands of dollars' worth of energy each heating season must be corrected in the near future, but the cost should be borne by the province.

Paving the way

The Haliburton Highlands Chamber of Commerce took another step in the right direction last Wednesday when several of its directors attended a meeting of county council to present the Chamber's revised budget for 1981. Earlier in the year, the Chamber had angered some members of county council by asking for substantial increases in grants, and by presenting a budget which included those anticipated increases.

It was obvious at the time, and afterwards, that in not giving council some warning of the direction it wanted to go with marketing and promotion, the Chamber had erred badly. Some councillors got their backs up about the way in which the request was handled, but in the end, council came through with a 10 per cent increase in its grant to the Chamber. That amount was far less than the Chamber needed to carry out its original plans. But it was a reasonable increase, county council felt, and as a result, the Chamber had no option but to slash its original budget proposal.

The revised budget presented last Wednesday will not allow the kind of advertising and promotional effort that many people on the Chamber and in the business community would like to see, but it does appear to guarantee that the Chamber will remain viable for another year. And it buys time for the kind of long-term planning without which substantial grant increases will not be approved.

The fact that the Chamber was able to go back to the table and come up with a reasonable, if unspectacular spending program that will at least get some of the job done, is an indication that directors and the business community are committed to the concept of a Chamber in the county.

Last Wednesday's meeting proved that lessons have been learned. The Chamber has decided that it must come up with a long-range marketing plan and that it must give county council advance notice of the money that plan will require.

It's an approach that may not pay instant dividends, but one that is sure to make relations between the Chamber and local politicians better in the future.

The cost of saving

Although it may not make economic sense in Haliburton County, the suggestion from Stanhope deputy reeve Elgin Stouffer that a paper and glass recycling operation should be established in Haliburton does have a certain attraction. What Stouffer envisioned at a meeting of county council last Wednesday was a depot in the village at which local people could deposit paper and glass that could be sorted and trucked to recycling plants in urban areas to the south. At present, used newspaper is valued at \$30 a ton, and a ton of paper isn't hard to accumulate, since on average, it occupies a space only four feet long, four feet wide and four feet high.

It is quite likely that fuel costs would militate against trucking paper and glass from Haliburton to other areas. But the idea should not be rejected out of hand until the costs are known.

ALCOHOL AT THE WHEEL

In our society a citizen has the right to think alcoholic beverages, the right even to drink himself or herself silly if such be his or her tastes and tendencies. But this right must always be assessed in the wider social context.

A person's right to drink must be exercised in

A person's right to drink must not be exercised in ways that interfere unduly with the rights of other persons. If someone's drinking causes behaviour that endangers you or even seriously inconveniences you, you have the right to interfere to some degree with his or her drinking. If that person drinks and then drives on a road on which you are driving, then his or her drinking becomes very much your business.

A bewildering variety of statistics is available on drinking and driving -- and an even more bewildering variety of interpretations of those statistics. But it is impossible to avoid the conclusion that in an alarming proportion of all traffic accidents, especially those resulting in deaths and serious injuries, there is an alcohol factor.

Professor John Cohen, an English psychologist, made some exacting investigations of driving skills. Here is one of the conclusions: "Moderate quantities of alcohol tend to make most drivers increase their speed, although they are usually unaware that this is happening...Alcohol intensifies any driver's tendency to overrate his ability in relation to his performance."

This conclusion comes out of carefully controlled experiments with real drivers and real alcohol.

Two psychiatrists working in the same field, Dr. Neil Kessel and Dr. Henry Walton, make this comment: "The drinker is in the worst possible position to make the decision whether he is safe to drive or not." They add this warning: "The drinker himself becomes progressively less able to detect his own impairment."

The hands of the police and the courts must be strengthened with respect to drinking and driving matters. Breathalyzer and other tests, it must be recognized, do interfere to some extent with a citizen's rights and liberties -- but surely we must balance those against the rights and liberties of other citizens.

from the Georgian Bay Beacon

by Ron Reid - Federation of Ontario Naturalists

"Ontario has some of the best unused environmental legislation in North America." This observation by one of Canada's leading environmental lawyers was reinforced once again by the Davis government's recent actions on Highway 404.

The 404 Expressway stretches north from Toronto into the rolling hills around Markham and Richmond Hill. In 1981, another four miles were

scheduled for construction. But although the approval in principle for the highway had been given years ago, the specific details of location and design fall under the provincial Environmental Assessment Act. That act requires a thorough review of the highway plans by other ministries and the public before construction can proceed.

In this case, many of the concerns related to the crossing of a major wetland area, including an area known as White Rose Bog which had been a favourite location for rare plants. Despite some grumbling about the inadequacy of the environmental assessment documents provided by the Ministry of Transportation planners, the government reviewers okayed the project. But one member of the public, a botany student named Steve Varga, did not, and requested a hearing. But to his surprise, he found that construction was already underway, totally ignoring the legal process contained in the environmental legislation.

The highway builders had been caught red-handed, and public pressure was building for an injunction to stop the illegal construction. Instead, Premier Bill Davis announced that the cabinet had suddenly exempted the project from the Environmental Assessment Act. This unprecedented move is probably the single most damaging act to date in undermining environmental law in this province. It appears to establish the principle that if environmental legislation becomes inconvenient, you simply exempt the project in question. No doubt we will be seeing other major projects in future, with potentially far more harmful effects, suffer the same fate in the name of urgency or economy. The long slow backtracking from the Environmental Assessment Act to the Environmental Exemptions Act has taken one more step.

Letters

To the Editor:

Re: Public Washrooms.

I think it very important that there be public washrooms in Haliburton Village. I am not aware of there being any as many people come into our main street business asking, I am sure many other businesses are tired of that question also.

If there are washrooms for public use, they should be open more often and signs should be put up stating where they are.

Yours truly,
Linda Sheekleton,
Haliburton Plaza,
Haliburton, Ontario

Feir Play

by
Creighton Feir

In my column on May 27, I mentioned that one-time resident and friend, George Pratt, who is now a Vancouver Sculptor, was on television on the early edition of the news shown knocking the chips off an eight-ton block of granite which will become a statue of marathon runner Terry Fox. Just recently I received a letter from George and as it was a very interesting letter I thought that I would pass it on to you through this week's column.

Dear Creighton:
Received a letter from good old friend, Emily Schroter yesterday along with a clipping from your paper. How grateful I am for the kind words you have both conveyed! The Terry Fox project is a massive work - the granite stone weighs 16,000 pounds more or less - roughly the size of an automobile stood on end. Terry will be a huge seven feet tall when finished, and as roughly half the stone will be hewn away, he will weigh about 8,000 pounds. It is not yet decided where the sculpture will go but the Fox family will decide and wherever it is, it will still be intact 10,000 years from now to convey to the world as it may then be the message of courage given to us all by this remarkable young man. The work is physically exhausting - there are no easy secret processes for carving granite - it must be broken off with heavy hewing hammers and wedged off by drilling holes and inserting shims and driving steel pins between them 'till pieces crack off. Just now I've been doing this for two full weeks and have removed about a ton of excess stone - now the finer work of hammer and chisel begins - I have built a clay model of Terry exactly 1/2 size and I will copy this closely, just doubling all the dimensions - it can't be faked! It must look like Terry fox when it's done! Frightens me to death to tell the truth. But like all Haliburton County folk, I was born on a granite stone, ate granite porridge for breakfast, pulled granite up from the well in the water pail and slept with a granite pillow - so if I'm not qualified, no one is!

The work was given to me in a peculiar way - Mr. Harold Wright of Vancouver is involved in a number of philanthropic activities and it was he who asked me to begin - and he suggested production costs, which will probably approach \$40,000, could be underwritten by any "interested parties" - he then gave me \$500. to get things started and scurried off on an extended business trip to the Orient, leaving me to do the sculpture and also to conjure up the "interested parties". The news media latched on to the story immediately and before I could say "Earl MacDuff", I was hammering it up on TV as if I knew what I was doing, and it was too late to say "I want out!" Which, of course, I don't want - I'm only being facetious. So I therefore wrote letters off to various people across the country who collect my work and solicited them for funds for the Terry Fox sculpture - and I'm pleased to report that one by one they are writing back and most are accompanying their kind wishes with contributions from \$50.00 to \$1000.00. I have therefore started an audited trust account in the name of the Friends of George Pratt so that the money will be accounted for. The money is used strictly to pay for the costs of producing the sculpture - any excess will be turned over to the Cancer Society and/or the Paraplegic Association. If any of your subscribers would feel moved to make a financial contribution in support of this work then I would be pleased to hear from them at this address: George Pratt, Sculptor, 2977 West 27th Ave., Vancouver, B.C. V6L 1W4. I should caution that this is a special project under no official auspices although it does have the blessing and gratitude of the Fox family. But any contribution should not serve to diminish normal donations one would make to legitimate campaigns of others, i.e. Cancer Society, etc. It is strictly a "Friends of George Pratt" project and I am grateful for the blessing of having enough friends that the project will be adequately funded.

My thoughts drift back to Haliburton very often and I get back to visit all too seldom - times change and situations change and our ages change, but the people don't change much - all proven by your own kind wishes and the thoughtful letter of dear Emily and the other kind messages from Haliburton County - Creighton, perhaps you would pass this message through your newspaper: - I've come a long way from the humble beginnings in Haliburton County; some of the distance by stumble and some by jumble; some by luck and some by God - to bring me, for whatever it is worth, to the honour of recording in the eternal history of the world the message of courage of the remarkable Terry Fox. I appreciate your kind wishes; I need your encouragement; if you're a drinking person, hoist one for me; if you're a praying person, say one for me - I need all the help I can get! But above all, say one for Terry. I'm nothing compared to him. And he could use a prayer just now.

Kindest regards, Creighton.
George Pratt.

The Rotary Club of Haliburton held their year-end meeting at Wig-A-Mog Inn last Thursday evening and at this time president Art Dawson handed over the reigns of office to incoming president David Bishop. Before the meeting, members were treated to a boat cruise from Wig-A-Mog to the town dock in Haliburton and then back to Wig-A-Mog. And while on the subject of service clubs the members of the Minden Kinsmen Club invited the members of the Minden Rotary Club to a barbeque recently at the home of Kinsmen, Don Nye.

The Haliburton and District Association for the Mentally Retarded and the Four C's youth group are holding a car wash this coming Saturday, June 27 from 9:30 a.m. to 1 p.m. at Elstone Motors in Haliburton. Plenty of willing workers will be on hand to make your car or truck shine so save yourself some work; come on out to the car wash. Cost for small cars is \$2.50, while people with big cars will pay another \$1 at \$3.50. Cost of a wash for a half ton truck will be \$4.50. Remember, Saturday is the day to get rid of that road dust and support worthwhile community work at the same time.

COUNTY ECHO SPORTS

Students from Haliburton Highlands Senior Elementary School celebrated the end of examinations and got a chance to work off some of their excess energy at the

Legionnaires and motormen race for first place in men's league

by Sue Cooper

The top three teams all picked up a point during the week's play as the Haliburton men's recreational softball league neared its mid-season mark. The legionnaires and Curry's motormen have five wins to their credit but the legionnaires are rated tops as they've dropped only one game while the motormen have lost two. Kennedy's team is in second place, breaking even with four wins and four losses; Haliburton's lumbermen are third with two wins and four losses and LaRue's squad is in the final slot with only one win to its credit.

Kennedy's team managed to outdo LaRue's squad in a batting competition which ended with Kennedy's finally taking the win 12 - 10.

LaRue's squad was quick to get on the scoreboard as Walt Prime walked to first base. Base hits by Andy Salvatori and Scott LaRue sent Prime further on his way. Prime was the only LaRue team mate to make it across the plate in the first inning.

But Kennedy's squad wasn't to be left out of the race as Dave Nicholls made it home after a base hit put him in position to score.

With the score tied at one run apiece the players were fighting hard for the lead but good fielding and pitching kept both teams off the scoreboard. In the bottom of the third inning, LaRue's John Robinson snagged three fly balls to end the play.

In the top of the fourth inning, the LaRue team once again moved into the lead when a base hit by Robinson paid off as hits by Tran LaRue and Mike MacNaull brought him home.

LaRue's team's lead was short-lived however, as Kennedy's squad came up with

two runs in the bottom of the inning. Rene Bonfield headed to first base on a walk and Gerry Walker brought him home on a triple. Walker was able to come home on a hit by Mike Fearrey but no other runs were counted.

With Kennedy's team now leading by one run, LaRue's men came on strongly to chalk up four runs in the fifth inning. Sid Cooper, Bruce McKay, Paul Dawson and Robinson all crossed the plate for LaRue's cause. Although it looked good for the team, a strike-out and two quick plays by Kennedy's short stop, Brian Mulholland, put LaRue's team back in field.

In the bottom of the fifth, Kennedy's squad bounced back with three runs to tie the score once again. Barry Shaw hit a double and a single by Peter Lymburner set up the Kennedy men in scoring position. Bonfield then came through with a single, a walk for Gerry Walker loaded the bases and a single by Bill Dobson brought Lymburner home. Fearrey walked to first, bringing Bonfield in for the final run of the inning.

With LaRue's team facing another tie-breaking situation, Salvatori started the play off with a single. As LaRue connected with the ball, an error by third baseman allowed him to make it to base. A sacrifice pop fly by Cooper brought Salvatori across the plate.

In the seventh inning neither team could break the tie so the men headed into overtime.

By the time the dust settled on LaRue's turn at bat it looked like they might have taken the game as they had chalked up three runs. Salvatori was the first runner to make it to base and LaRue

followed him on a walk. A single by Cooper put him at first. They were the only members of the LaRue squad to make it home.

As the tension mounted, Lymburner hit a double and stole a base to leave him at third. Bonfield walked to first and then was aided along by a hit from Walker. Dobson made it to first and Fearrey did too, but Walker was put out on a great play by the third baseman and the catcher. Nicholls took first base on a single and came home on a hit from Mulholland. With only one out and the Kennedy squad leading the way, the game was called.

Shaw and Mulholland shared the win while Cooper and Salvatori took the loss. The legionnaires shut out

LaRue's team the next night and although only five innings had been played before it started to rain, the game was ruled complete.

The Legion's entire team was in top form for the contest as almost every player put one of their opponents out during the game.

In the first inning, Bernie Nicholls smashed a home run, but because he was the first batter in the inning, no other runners benefited from the hit.

Paul Morissette made his walk to first base pay off as Jim Scheffee hit a single but couldn't get himself home before the inning ended.

In the second inning, LaRue's team was getting close to scoring until Cooper

was called out on first base for leading off.

Two fly balls and a strike-out quickly ended the legionnaires' turn at the plate. Fly balls got the better of the legionnaires in the third and fourth innings as well, but in the fifth Wade Stamp's single turned out to count as he crossed the plate.

Stamp was the winning pitcher while Cooper took the loss.

Curry's motormen completely trounced Haliburton's lumbermen in a 14 - 2 victory. While the score sounds like a rout, the lumbermen were actually in the lead for the first three innings until their strategy fell apart in the bottom of the fourth inning. The lumbermen started off

Cont'd, page 7

Minden drops West Guilford in first defeat of the season

by Helen Burk

Last Monday night there were two games played in the ladies league.

Haliburton travelled to Minden to take on the Juniors. This was a close game until the fourth inning when Haliburton got some timely hits from Betty Whiteway and Kim Roberts. Nancy Maughan picked up the win while Cheryl Dillon was tagged for the loss. Final score was 11 - 3.

Gooderham travelled to Stanhope Monday night to take on the local team. Cathy Darby pitched for Stanhope and helped the team come up with a 15 - 7 victory.

Tuesday night West Guilford hosted Stanhope. These two teams played in rain and wet field and West Guilford came up with a 26 - 5 win. They were led by Heather Thompson and Cheryl Nicholls. Joan MacKay got the win while Marg Darby took the loss.

Wednesday night the Dixie Lee Homestead team played at Wilberforce. The Minden team was led by Rhonda Wilson, Lynne Winans and Nelda Cully. The winning pitcher was Andrea Burk while Chris Storey took the loss.

Thursday night West Guilford travelled to Minden to take on the Dixie Lee Home-

stead ladies. This game was 4 - 2 for Minden at the end of four innings. Dixie Lee Homestead got four runs in the fifth and five runs in the sixth, then held on to win 13 - 5. Minden was led by Marg Fielding, Nelda Cully and Barb Barnhart. Nelda Cully picked up the win while Joan MacKay took the loss.

Also Thursday night the Minden Juniors travelled to Haliburton. At the end of the third inning the Juniors had a 4 - 1 lead but Haliburton got 10 runs in the fourth and then held on to win 11 - 10. Nancy Maughan was the winning pitcher while Cheryl Dillon took the loss.

Cont'd, page 7

Coaches still needed for little league softball

Many children, accompanied by their parents, eagerly turned out to play baseball last Wednesday evening. After two weeks of foul weather, the players were anxious to get going.

The league executive invite any cottagers or visitors to join the fun and play baseball or T-ball on Wednesday nights at the Senior Elementary School or the ball park. Children, ages 4 to 16 are welcome. Games begin at 7:00 p.m. Registration fee is \$2 per player.

Coaches are still needed. League organizers extend thanks to parents who help

out noting that without these parents the programme would not be able to operate nearly so well.

Help is available to pay your OHIP premiums.

Ontario residents with low incomes are entitled to assistance in paying OHIP premiums. More importantly, the amount has been changed in the most recent Ontario Budget.

If your income as a single person is less than \$8,200 or your total income as a family of four, for example, is below \$14,000, you may be eligible for assistance to pay all or part of your premiums.

As always, pensioners or those

receiving social assistance continue to receive OHIP coverage without charge.

The best way to check your eligibility is to contact your local OHIP office. It's listed in the Blue Pages of your telephone directory under Government Services.

Please ask because you may very well qualify for OHIP assistance today, even though you might not have in the past.

Ministry of Health
Ontario

Dennis R. Timbrell, Minister

Fitness club planned for Haliburton Village this July

by Karen Thomson
Dysart et al
Recreation Coordinator

Forty-five young soccer players are looking for some coaching help. The success of their program depends on how much fun they have learning the game. The more attention and guidance they receive, the more fun it will be. If you can spare just two hours on Monday or Thursday afternoon, please call me (457-1791).

Haliburton Fitness Club

This club will centre around three basic activities: track and field, jogging and weightlifting. There are no registration fees or club obligations. Your only commitment is to your own body. The first meeting will be

Thursday, July 9 at 7:00 p.m. on the high school football field. Equipment and facilities will be available each Sunday and Thursday evening for the rest of July and August from 7:00 p.m. to 8:30 p.m.

Instruction will be available to anyone wishing to learn a new skill - anything from body building to hurdles to marathon running. Individual training programs will be arranged upon request. Jogging routes from short to extra long will be mapped out with copy maps available for reference.

Remember - July 9 marks the beginning of your summer tune-up. Find a friend to try it with you.

Shuffleboard

The cues and discs have arrived. Emmerson Lumber is making our scoreboards and we plan to paint the lines this week. Max Strang from Kashagawigamog is helping me paint the courts and is willing to teach the game to beginners. By next week we will have a system arranged for signing out the equipment.

Tennis Club

To date, the tennis courts have been open to the public all day and evening. Special club hours for members only will begin on July 1. If you wish to have unrestricted access to the courts, you can join the Tennis Club at Black's Hardware, Western Tire or the Municipal Office.

The girls were sometimes quicker than the boys in this game at the annual HHSES fun day last Thursday. The girl on the right has beaten her opponent to the stick

and gained a point for her team. The game was one of a number of exciting activities that youngsters took part in on the second last day of school.

Hustlers close in on first position

Last week at the Minden ball park the Rockcliffe Hustlers took another step closer to the top of the league as they knocked off the high flying Lindsay Peterborough Lumber Juniors. Both teams scored one run in the first inning of what started out to be a very close and exciting game. Lindsay picked up a run in each the third and fourth innings, but the Hustlers tied it in the sixth on a single by Bernie Nicholls and

a towering homer by Wade Stamp. The locals then held the visitors off the scoresheet and blasted the Juniors with five runs in the sixth inning. Greg Newell with a double and Dave Dollo with a home run, led the sixth inning romp. The win gave the Hustlers a record of six wins and two losses.

The next game is Wednesday, June 24, Minden vs. Omecme.

West Guilford in first

from page 6

Wilberforce played at Gooderham on Thursday. Gooderham won 15 - 14.

Standings: West Guilford - GP8, W7, L1, PTS14; Haliburton - GP9, W7, L2, PTS14;

Stanhope - GP10, W7, L3, PTS14; Dixie Lee Homestead - GP10, W5, L5, PTS10; Minden Juniors - GP8, W3, L5, PTS6; Gooderham - GP8, W2, L6, PTS4; Wilberforce - GP9, W0, L9, PTS0.

Legion, Curry's and Kennedy's teams pick up wins this week

from page 6

with a run in the first inning as Gary Brohman hit a triple and was brought in by Kevin Sisson's single. But two strike-outs and a fly ball soon put an end to the action.

Then, the motormen were put out three up, three down. But Curry's pitcher went after the lumbermen and finished off their action for the next two innings.

In the bottom of the third inning, Ross Burk was hit by a pitch, sending him to first base. A quick stolen base and a single by Mike Carpenter brought Burk home.

Although the lumbermen couldn't get a run in the top of the fourth, the motormen broke loose to tally up five runs. An error at first base kept John Wilson safe and a double by Jeff Carpenter and a walk to first by Art Dawson loaded the bases. Craig Wood knocked out a single to bring Wilson home and a single by Burk brought Carpenter in. Another error at first base set Roy Scott up and allowed Dawson to come home. A pitcher's error put Mike Carpenter on base and Wood and Burk came home. In the top of the fifth, the lumbermen put three men on base but couldn't manage to bring anyone home.

In the bottom of the fifth, the motormen went out to field after three batters, but they bounced back to score eight runs in the bottom of the sixth.

The scoring spree started as Wood walked to first base and Scott made a sacrifice play to send Wood to second base. Mike Carpenter then hit a single followed by a walk for John Parish, a single by Mark Schell and hits by Wilson, Jeff Carpenter and a walk by Dawson. All the runners came home.

Although the lumbermen picked up a run from Salvatore in the sixth inning, it didn't change the scoreboard as the motormen won 14 - 2.

On the mound for the motormen was Schell while

Dwight Sisson was pitching for the lumbermen.

This Thursday night the Kennedy team will meet Curry's motormen at 7 p.m. followed by a contest between the Haliburton lumbermen and the legionnaires.

Don't think of it as fitness, think of it as funness.

HHSES honours 106 students

Last Friday was a very special day for the 106 graduating students at Haliburton Highlands Senior Elementary School in Haliburton Village.

While the graduating grade eights were honoured in an afternoon ceremony all students were given their year-end awards in a morning assembly.

Graduating into grade nine this year were Mitchel Abel, Corinne Anderson, Lisa Anderson, Brett Ashton, Jamie

Bain, Jeff Bain, Terry Lynn Bannon, Charlotte Barry, Jeff Barry, Wanda Baumhour, Kim Billings, Suzie Blake, David Boxall, Shirley Bryant,

Sonja Burk, Collin Burke, Markus Carl, Danny Coghlan, Paul Cowen, Dawn Cummings, Steven Detlor, Bruce Donaher, Vince Duchene,

onds, Miles Tapp, Heidi Tashlin, Barbara Taylor, Michelle Townsend, Larry Traviss, Gary Vanderstarren, Suzanne Vukic, Chris Ward, Melanie Way, Kathleen Whitefield, Tim Winter, Wade Woodward and Doug Young.

During the ceremonies, 13 grade eight graduates received special recognition for the year-long diligence which enabled them to become this year's honour students. Named to the grade eight honour roll were: Tom Eager, Angela Halwas, Gayle Higgins, Peter Jowett, Anita Kuno, Paul Milne, Michael Sawyer, Miriam Smith, Charlene Stoughton, Barbara Taylor, Gary Vanderstarren, Suzanne Vukic and Chris Ward.

In conjunction with the graduation ceremonies, Miriam Smith received the special distinction award and valedictorian Gayle Higgins was also honoured with the top grade eight student award.

Higgins valedictory speech led her classmates through the journey of life, shedding light on new learning experiences and the need to plan for future journeys.

"Our trip through these elementary years has been one of the most enjoyable and rewarding times of our life," she told her fellow classmates.

She compared her elementary schooling to her family camping trips which had necessitated good planning and work habits.

"To be honest, fair and dependable are all qualities that enable us to be acceptable citizens in our community. Proper work habits and the ability to get along with others are certain ingredients that become a part of our maturing. Each of these qualities helps to make our trip through life a success," she said.

Higgins thanked parents, grandparents, teachers and other friends and relatives, on behalf of her classmates, for the patience and guidance

Valedictorian Gayle Higgins speaking

which they have extended to the students.

"The knowledge of the three R's, reading, writing and arithmetic, imparted to us by our many teachers has given us the firm grounding that will guide us through our high school years and last a lifetime," she said.

But Friday was special for more than the grade eight students as many children received awards for their activities during the school year.

For their efforts directed towards public speaking, Michael Rutter, Gayle Higgins, Suzanne Fajar, Kim Mumford, Heidi Tashlin and Eoin Ross received awards.

French awards were given to Michael Sawyer, Sue Vukic, Kandra Kreller, Michelle

Purnell and Miriam Smith.

Top achievers in the grade four anti-smoking campaign were Scott Clement and Gerald Morrison.

Special presentations were made to the top field day winners with awards going to: junior boys, Mike MacNaull, trophy and gold medal; Trevor Powers, bronze medal; junior girls, Melanie Sisson, trophy and gold medal; Melissa Creelman, silver medal; Lindsey Tashlin, bronze medal; senior boys, Jeff Bain, trophy and gold medal; Shawn Symonds, silver medal; Morris Jacko, bronze medal; senior girls, Heidi Tashlin, trophy and gold medal; Cindy McLean, silver medal;

and Tracy Harrison and Miriam Smith both received bronze medallions.

Students excelling in table tennis were honoured as Chris Ward, Dennis McKee, Len Johnston and Wade Woodward picked up the grade eight awards and Michelle Landsperger, Tran LaRue, Kirby Bagg and Mike MacNaull were the grade seven winners.

Thirty-seven students were named for perfect attendance while only two students missed a half-day and 18 students were absent for one day during the school year. Those receiving perfect attendance awards were Jason Smith, Sarah Stouffer, Darren Warburton, Dean Fyfe, Darin Parish, Margaret Reiss, Cont'd. page 9

COUNTY ECHO FAMILY

Stereotypes make children accept different life roles

by Catherine Miller

Sugar and spice and everything nice - that's what little girls are made of. Frogs and snails and puppy dogs' tails - that's what little boys are made of.

Yes, as this verse suggests, different biological "ingredients" go into the recipe for a baby girl or a baby boy - however sugar and spice and frogs and snails have very little to do with it! Each baby inherits some genetic material (called chromosomes) from each of his parents. Chromosomes dictate such characteristics as eye and hair colour, height, facial features, etc. One chromosome is responsible for determining what gender the child will be. This chromosome influences the structure of the child's reproductive system and the types of hormones that will be produced in his/her body.

Scientists generally agree that gender type also influences the rate at which development occurs. In all cultures, it has been observed that at birth the bone structure and nervous system of females is about two weeks more mature than that of males. A noted pediatrician, Dr. B. Brazelton, has found that newborn boys are more likely to be vigorous and physically active, while newborn girls are more likely to be quietly observant of the sights and sounds around them. On the average, girls walk, talk and are toilet trained a month or two before boys are. As early as one year of age, boys and girls show differences in the toys they prefer to play with.

Does all this mean that differences between the sexes are inborn and therefore outside our range of influence? Probably not, if we examine how our knowledge of an infant's gender influences our behaviour. From the moment of birth, gender determines the colour of clothing and accessories we select for a baby. Almost always, the name we choose clearly identifies the infant as a boy or a girl.

Researchers have found

other more subtle differences in the way we behave toward infants. It has been noted that parents and other adults handle baby girls as they would a piece of fine china, as if they were fragile; boys are handled in a more rough and tumble fashion, as if they were sturdy. Mothers tend to talk to girls more often than to boys, and respond more quickly to the cries of their daughters than their sons. Boys are often described as "big boys", while girls are "pretty" or "cute".

Parents are constantly letting their child know what is appropriate behaviour for a boy or a girl. They do so by what they say - "Boys don't cry!", "Ladies don't do that!" - and by what they do - furnishing the playrooms of female children with dolls and toy domestic equipment while the boys play with wagons and building blocks. How many stories have you read to your child this week that show fathers involved in child care, housekeeping or other domestic tasks?

Should we try to eliminate the differences we create in the early environments of boys and girls? Probably not, but parents and professionals are becoming increasingly concerned that children be given the freedom to develop interests and ways of behaving that match their personalities rather than a traditional sex-role stereotype. This means ensuring that little girls have a chance to be physically active, to get dirty, and to take risks; that little

Bill and May Ward, of Haliburton Village, were as happy last Saturday as they must have been on their wedding day, 50 years before. The couple celebrated their golden wedding anniversary at an open house in their home on Pine Street, last Saturday afternoon.

Extendicare News

by Dr. W.O. Anderson

We were lucky this week in being a guest in the vicinity of Napanee. Before leaving Haliburton, we sauntered down to Head Lake Park at the foot of Park Street just a nice distance for us to walk. This park is very nice. It has facilities for the entertainment of children, many benches to rest on, lots of containers for foliage and flower displays, but one thing was lacking which would be in a city park, (you guessed it), washrooms, the one thing that distinguishes a country park from one enjoyed by city folks, but lacking because of vandalism. Only the plumber

pranks where a country municipality could not. Is vandalism one of those human comedies, "games people will play?" Just think of planet earth, a mere speck in the universe and a century old human, a mere fleck in time and then see three scenarios - President Reagan

and his Soviet counterpart are sitting facing cheek by jowl, eyeball to eyeball, a narrow tablet between, trying to decide which one will be the first to press the doomsday button that will obliterate all civilized society and their works. 2. Twenty Haliburton vandals each armed with a

roll of toilet paper sneaking up on an undefended public washroom in Haliburton, each in turn jams his or her? roll into the bowl of a flush toilet, then each in turn uses it, then each in turn flushes it to make a nasty puddle on a beautiful terrace floor and 3. The Canadian House of Com-

mons with all the members present, gesticulating, gesturing, posturing before the television cameras, all to ensure that the Canadian people will get their rights soon enough. Is all of this the human comedy or tragedy? We do not think of it as

Obituary

Norman Edward Craig

by Creighton Feir

A funeral service was held on Monday, June 8, 1981 for Norman Craig, a former Toronto home director and Minden businessman who died on Friday, June 5 after a lengthy illness following a stroke. He was 72.

He was born in Toronto and educated at Appleby College at Oakville, and grew up in Toronto and, like his father and grandfather before him, assumed the family business. He ran the Craig Funeral Home on Queen St. W. before his retirement in 1959.

Always active in community and charity work the late Norman Craig was the first president and charter member of Toronto Parkdale Lions Club and later was band chairman and directed the band to three Dominion championships. He was also

a member for many years of Arcadia Masonic Lodge, Minden, Ontario.

In 1959 he retired with his wife to Haliburton where his great grandparents had pioneered in the 1800's, and where he had spent at least a month each year of his life.

In 1960 Norman and Doris opened Craig's Coffee Bar at the intersection of Highways 35 and 121 at Minden. From there he joined the Haliburton Highlands Chamber of Commerce and became its secretary-manager from 1964-70. He undertook the task of having the organization incorporated and also made plans to have a tartan registered as a special symbol for the county of Haliburton.

During the years that he was involved with the Chamber of Commerce one of his main duties was his involvement with business people

and in that time he had the opportunity to meet and make friends with a great many people. His humorous and off-handed manner made him quite popular with all those he did business with. The Chamber seemed to play a big part in his life and he worked many hours on the organization's behalf.

After leaving the Chamber of Commerce and the restaurant business Norman and his wife, Doris, lived for one year on Canning Lake and on September 1, 1970 moved to Lutterworth Pines.

When one thinks of the local Chamber of Commerce thoughts should turn to Norman Craig who through his untiring efforts made the organization what it is today. Haliburton County can ill afford to lose citizens of the calibre of Norman Craig. He will certainly be missed.

Following the stroke he was a resident at Extendicare-Haliburton for many months but earlier this year was moved to the Peterborough Civic Hospital and was there until the time of his death.

Norman was the beloved husband of Doris Butwell, dear father of Diane (Mrs. Hap Nelson) of Aylmer, Quebec, Mrs. Sandra Wolfe of California, Gayel (Mrs. Ed White) of Pickering, Margo (Mrs. Karl Sprogis) of Mississauga, Patricia (Mrs. Robert Staton) of Toronto, Mrs. Shirley Jones of Kleinburg and Marcia (Mrs. Lalit Mohan) of Montreal.

A private family funeral was conducted on Monday, June 8, 1981, followed by cremation with interment of remains in the family plot at Park Lawn Cemetery, Toronto.

Impaired driving charge laid in single car accident

A Pickering man was charged with impaired driving after he lost control of his car on Highway 35 near Dorset at 10:30 a.m. last Saturday.

Lawrence Gannon, 25, lost control of his car, hitting a rock cut and causing \$5,500 damage to the vehicle. Gannon was only slightly injured.

Two cars received \$15,000 damage when they collided at the intersection of Highways 121 and 648 in the Wilberforce area last Saturday evening.

A 1981 Cadillac driven by Francis Herlihey, 72, of Monmouth Township, received \$13,000 damage when it was hit by a 1973 car driven by William Kearley, 27 of RR3, Bancroft. The left front corner of his car was damaged to the tune of \$2,000.

Both drivers received only minor injuries.

Kearley was charged with failing to yield.

The kindergarten students at Archie Stouffer Public School in Minden got their first diplomas, last Thursday and Friday mornings when they participated

in graduation exercises. Posing with the students for their class photograph are principal Mr. Baker and their teacher Mrs. Fitzgerald.

Cardiff Township meets for council meeting

snow removal for Road No. 1 in the 1981-82 season, providing the owners have no objection to road equipment turning on private property, if necessary at the end of the said road.

A by-law to write-off taxes for the taxation year of 1981

under Section 636(a) of The Municipal Act was passed.

A by-law to write-off uncollectable taxes under Section 636(1) The Municipal Act was passed.

A by-law to repeal Township of Cardiff By-law 14-80, being a by-law to authorize the disposal and acquisition

of certain lands in Lot 24, Concession 21, was also passed.

A by-law to authorize the disposal of lands under Sections 336 and 338 of The Municipal Act was passed.

A by-law to repeal Township of Cardiff By-law 19-80, being a by-law to amend By-law 9-79 with respect to certain lands in Lot 24, Concession 21, was passed.

A by-law to amend Restricted Area (Zoning) By-law

9-79, as previously amended with respect to lands in Lot 24, Concession 21, which were the subject of repealed By-law 19-80, was passed.

Council resolution No. 11, dated May 11, 1981, regular meeting, was rescinded.

Senior League

by Linda English

Saturday afternoon the residents of Hyland Crest had a pleasant surprise. Some entertainers from the Home Show paid a visit and put on a program for us. There were some very talented musicians playing guitars, mandolin, piano and violin. Everyone enjoyed their toe-tapping Irish music. There was a magician who did a juggling act and a performer who did some amazing rope tricks. The residents got a real kick out of the live monkey which was part of the show. Our thanks to the Haliburton Kinsmen, who were responsible for having the show come to our home.

Monday morning we began our regular activities with fun and fitness. Later in the afternoon our resident men and ladies went to the craft room to work on their individual projects.

Tuesday morning Rev. Douglas Miller of Minden United Church held an inspiring service in the chapel. Our organist, Agnes Taylor accompanied us for the sing-

ing during the service. The bingo lovers gathered in the main lounge for a game after lunch.

Wednesday evening, the students from Haliburton high school and their teacher, Bob Pentfold were here to assist and play euchre, cribbage and crockinole with the residents. As usual everyone enjoyed themselves and games night was a big success.

Thursday afternoon, the Minden U.C.W. brought lunch for the tea party. They served a variety of muffins, raisin bread and cheese. Our thanks to the ladies for a very nice afternoon.

The week's activities came to a close with Grace Coburn leading the sing song. Doris Robertson accompanied her on the piano and we all enjoyed singing hymns and old favourites.

There are special events scheduled for Senior Citizens Week. I'll be telling you all about them in next week's Senior League.

Back-a-frog winners named

Six more winners were announced this week in the Highlands squash club's first ever back-a-frog sweepstakes.

The winners join a dozen others who are already in the running for top prize of \$100. The final six winners in the 24 frog field will be drawn next Saturday just before the contest gets underway.

This week's winners are Krysta Rydman with 'Dynamite', Paul Rolfe with 'Effarogee', Travis Powers with 'Teen Hulk', Trina Roberts whose frog 'Fast Fortune Frog Legs Freddie' has the distinction of carrying the longest name, Mike Easton with 'Cephus', and Dale McConnell with just plain

from page 9

tragedy, just comedy, but what of our almighty maker, the omnipotent arranger of the universe. Does he see us in our normal stature or as a scientist looking at his collection of fruit flies? We do not like to write a nasty column but we are afraid that with human rights coming so cheap and with no other defence it can only get worse and worse unless we do write it, but even so it may get worse and worse anyway.

We must not forget one of the memorable days of the year, June 21, 1981, Sunday at 7:45 a.m., D.S.T. the summer solstice when the sun reaches its peak above the horizon then starts that slow trek down to the winter solstice just before Christmas. How nicely ordered our solar system has been this last 25 billion years at least.

We learned while we were

away that what we have been calling crown vetch is not crown vetch but ground phlox. It is just as pretty when in flower with either name.

Remember, rights for all get votes from all.

Child's role

from page 9

boys have opportunities to express nurturant feeling and demonstrate gentleness. In this way, children can learn to value their own unique qualities and accept themselves for what they are rather than what a typical "boy" or "girl" should be.

Your comments and questions regarding issues in child development are invited. Please write to: Infant Stimulation, c/o Health Unit, P.O. Box 570, Haliburton, Ontario.

We'll pay you up to \$800 to get off oil heat

YOU'LL SAVE MONEY BY GETTING OFF OIL BECAUSE THE PRICE OF OIL IS ESCALATING, AND WILL CONTINUE TO DO SO.

Heating with oil is a habit Canadians acquired when oil was plentiful and cheap. Today sources of oil are unreliable and increasingly more expensive, so we just have to kick the habit. The habit won't be hard to break because Canada has an abundance of energy alternatives that are plentiful and are ultimately cheaper than oil.

The Canada Oil Substitution Program (COSP), is a major part of the federal government's National Energy Program. COSP is designed to help reduce the use of oil for home heating in every province to no more than 10 per cent of total household energy use by 1990.

COSP is a 10-year program that offers grants of up to \$800 covering half the cost of equipment and labour for

changing your space or hot water heating system from oil to natural gas, electricity, propane or renewable energy sources such as wood and solar. The COSP grant is taxable.

The oil substitution of a centrally heated building unit that contains two or more self-contained dwelling units can qualify for COSP grants ranging from \$1,000 to \$5,500.

HOW TO APPLY FOR YOUR GRANT

Those of you who are ready to get off oil, or have switched from oil since October 28, 1980, ask for grant information from:

- your nearest natural gas or electric utility;
- the federal Department of Energy, Mines and Resources (EMR) office, about conversion to wood or solar heat or another renewable energy source. EMR is located at: 2242 Lakeshore Boulevard W. Toronto, Ontario M8V 1A5
Call: (416) 252-5866 or toll-free: 1-800-268-2207

PLAN AHEAD FOR BEST SAVINGS

To start planning your move off oil, the federal Department of Energy, Mines and Resources can help you:

- assess your home's energy efficiency by means of a free computerized EnerSave questionnaire;
- insulate your home under the Canadian Home Insulation Program (CHIP) which provides taxable grants of up to \$500.

Insulation is not a requirement of COSP, but it makes sense to have a well insulated home before you change your heating system. The better your insulation the smaller-sized heating system you'll need when you switch off oil.

DISTRICT NEWS

Gooderham News

by Mary Hadley

Experience '81 - Summer Daze, is sponsored by the Glamorgan Recreation and Community Centre Committee along with the Ministry of Culture and Recreation. It involves children of ages five to 12 for an activity programme starting July 6 and continuing to August 4 from 10 a.m. to 4 p.m. to be held in Gooderham school. Swimming lessons are available with a qualified instructor. Registration will take place at the school on July 6. This promises to be a month of fun, safety and learning experiences this summer.

Don't forget the garage sale at the Orange Hall, July 4 with proceeds going towards the purchase of a piano for the community centre. Any donation toward this project will be gratefully received. A community effort such as this deserves our support.

The funeral of Mrs. Albert MacDuff was held last Wednesday afternoon at the Pentecostal Church with officiating ministers, Rev. Anderson of Bethel Church, Lindsay, assisted by Rev. Sauve.

The late Mrs. MacDuff, nee Velma Switzer, was born in Gooderham and lived here most of her life. She is survived by her husband, two sons, Bernard and Douglas, three daughters, Donna, Woneetta, and Jacqui, and several grandchildren. The sympathy of the community goes out to the sorrowing family.

Volunteer painters have been quite busy on the interior of the new community centre, making it appear much more finished.

Thanks to the volunteers and also their sponsors who have added to the funds being raised. Each day shows progress towards the completion of this unique building.

Last Thursday the Gooderham girls' ball team hosted the Wilberforce team. It was a close game since the score was 16 - 14 with the Gooderham girls winning this one.

Karen Franke, as pitcher, was credited with the win. Come out and enjoy the games and give the girls your support.

Miss Marlene Hunter, with her friend, Colin Moore, visited her grandparents, Mr. and Mrs. Hubert Alsop last weekend.

Mrs. Storey, of Toronto, is visiting her daughter and son-in-law, Mr. and Mrs. Ivan Hunter.

Mr. and Mrs. Tom Kendall with Laura and Robbie, of Bracebridge, spent Father's Day with their parents, Mr. and Mrs. G. W. Barr and Mr. and Mrs. Bill Kendall.

Mr. and Mrs. Bob Charlton of Toronto spent last weekend at their cottage on Pine Lake. Visiting with them were Charlton's mother, Mrs. Domoney, with her daughter Elsie, of Toronto, as well as a cousin, Mrs. Melvin Wold of Daysland, Alberta. They enjoyed themselves with a pedal boat, using pedals as one would on a bicycle to make the motor work. This is a first on Pine Lake and should be popular. Foot power would be cheaper than gasoline and also provide exercise as well as fun.

Carnarvon News

Sympathy is extended to the family of the late Mrs. John Wilkinson who passed away last week. Rev. John Wilkinson was the pastor here some years ago. He and his wife were the first couple to occupy the parsonage here at Carnarvon. Mrs. Hussey now owns what was the parsonage. The family now have a cottage on Twelve Mile and their mother has been able to enjoy it with them since her husband's death.

Verne Harrison of Cobourg visited his parents one day last week. A new home is being erected just below the Foster home.

Jim Fraser of Sarnia has been holidaying here and getting in some golf.

The family of Jack and Roan Barnhart, on the occasion of their wedding anniversary, treated them to a husband's death.

Anyone in the county who was interested in a great meal headed towards Extensicare in Haliburton Village, last Monday evening. As part of Nursing

Home Week celebrations, the Happy Gang held its annual Strawberry Supper to aid the community van fund.

Kinmount Korner

by Millie Moss

Hi! Bill and I enjoyed the complete hospitality of Jim and Mary Gillis at their beautiful home on Galway Road last Saturday. On the way home from our visit to the Gillis home I stopped in at Ruby Schell's house and was distressed to see Ruby with her right arm trussed into some sort of contraption. She had fallen on the last two steps of the basement stairs on Friday morning and badly sprained her arm. Last week Nora Crego had a nasty fall in her kitchen and is still sore in spots. I hope both you ladies are all better soon.

Happy belated birthday to Win Wilson on June 9 and I hope you're feeling much better by now Win.

The Galway/Cavendish Summer Festival '81 will be held in the Kinmount Fairgrounds, Saturday, August 8. Plan now to attend the giant auction which begins at 10 a.m. in the fairgrounds arena. There will be games for

"young and old" with log rolling, pony rides, lucky draws. Admission will be \$4 and music will be by Ron McCabe. There will also be a midnight buffet lunch. Come and enjoy the whole day with your friends.

By the way if you have anything you wish to donate towards the really big auction sale mentioned above you could deliver to Galway Hall on Galway Road or to Stupavsky Saw Mill on Hwy. 507. If you'd like a pick up call Bill Holstock at 488-2988, Harry Platt, 488-2117, Jack Sheddon, 488-2230, township office, 488-2981 or Anne Stupavsky at 657-8418. All proceeds will be donated to "The Building Fund".

Betty and John Lonsdale of RR1, Kinmount, are enjoying the company of grandson, Kelly Lonsdale who lives just steps away from the Tower of London and Betty's sister, Mrs. Louise Williams, of Tonbridge, Kent, England.

Mrs. Williams and Kelly will be staying for two weeks and we hope you enjoy every minute of your stay in our little part of the world.

Results of the St. James euchre party, Tuesday, June 16: ladies' high: Verlie Young, ladies' low: Maggie Kylie, men's high: John Lonsdale, men's low: Bruce Bowman, most lone hands:

Promises of God

God is our refuge and strength, an ever present help in trouble. Therefore we will not fear, though the earth give away and the mountains fall into the heart of the sea, though its waters roar and foam and the mountains quake with their surging. Be still and know that I am God.

Psalm 46:1-3, 10

Chatting with Irene

The longest day of 1981 is over. Believe me it was daylight until way after 9 p.m. for I sat outside and read until dark. Usually I have to come in by 8:30 p.m. but I enjoyed being out longer even if there are still a few blackflies and other biting insects around. Thank goodness the rain held off over the weekend and the crowds in Minden on Saturday as well as Friday were fantastic. It is so nice to see people smile back at you when you give them a smile. It makes everyone feel happy, doesn't it? One thing I did notice was that the smaller cars or older cars seem to have taken over once again. Maybe it is because you get more miles per litre of gasoline, and people are realizing to go anywhere, these cars are needed.

Oh well, as long as our summer friends come up, we are really happy to see them. Mr. and Mrs. Lyman Cox recently spent some time in Peterborough then at Rosemeath where they enjoyed

seeing their new great grandson.

Congratulations to Kenneth Cox who won the truck rodeo for the Huntsville division of the Ministry of Transportation and Communications. In September he will go to Toronto for another competition.

We should always keep a spare corner in our heads to give passing hospitality to our friends' opinions.

Hold July 8 open for the strawberry tea at Hyland Crest Home. More details next week or watch for posters.

Mrs. Fern Besner, Mr. and Mrs. Paul Choinard, Mr. and Mrs. Wayne Besner and Clinton, all of Kapuskasing, visited with Mrs. Irene Stamp and other relatives over the weekend.

Kathy McKelvey won \$81 in 20 numbers at bingo last week. Don't forget bingo is every Tuesday at the community centre and next time might be your turn to win!

Mr. and Mrs. Roy Courtney have been enjoying a visit with their daughter Joan from Switzerland.

On Monday, June 29 at 2 p.m. "Summer Crackers" will be presented by regional library services beside the fire hall, weather permitting, otherwise inside. This is music and magic for children so don't forget the date and time as it is free for kids of all ages.

Welcome to the two new families in our area. Mr. and Mrs. Ronnie Robinson and family have moved into the Albert Pogue home on Prince Street and Mr. and Mrs. Alan

Upton and family have moved into the Lazier home on Chandos Street.

If you're trying to become a top banana, do it without losing touch with the bunch.

"Sunshine Pork Balls" are delicious. 2 cups diced cooked pork; 1/2 cup finely chopped celery; 1/4 cup finely chopped green pepper; 1/4 cup finely chopped green onions; 1/4 cup fine bread crumbs; 2 eggs, lightly beaten; 1 tsp. salt; 1/2 tsp. ginger; 1/2 tsp. dry mustard; 1/4 tsp. garlic powder; 1/4 tsp. pepper. In a large bowl combine all ingredients, mix well. With your hands form into 8 balls. Place in a lightly greased shallow baking dish. Bake at 375 degrees F. for 30 minutes.

Mr. and Mrs. John Rockory are home after a lovely visit in St. John, N.B. with the Bruce Rockory's.

Mrs. Florence Booth of Oakville spent the weekend in the village.

Several other dates to keep in mind for July are the United Church summer dinner in the church hall on July 15 and the ACW tea and bazaar on July 18. More details later on both these events.

Marg Frise of Richmond Hill visited with the Bob Emmersons on the weekend.

The last June rummage sale will be held upstairs at St. Paul's Parish Hall this Friday afternoon.

Mr. and Mrs. Don Hall and family are having a week's vacation on the west coast.

The Minden Women's Institute held their pot luck luncheon meeting at the

GOVERNMENT NOTICE UNDER THE MINING ACT

Lands and/or Mining Rights to be forfeited for Acreage Tax Arrears

PURSUANT to the provisions of The Mining Act, R.S.O. 1970, Chapter 274, Subsection 2, Section 668, the following list of lands and mining rights in respect of which acreage tax, penalties and costs to December 31st, 1980, imposed by the said Act, are two years or more in default, notice is hereby given that unless the amount due as shown is paid on or before December 31st, 1981, on the day following shall be forfeited to and vested in the Crown, but shall not be open for prospecting, staking out, sale or lease until published in one issue of The Ontario Gazette. (This is not a tax sale. The lands cannot be purchased by paying the taxes).

Those lands and mining rights forfeited to and vested in the Crown and published in one issue of The Ontario Gazette during the month of May, 1982, shall be open for prospecting, staking out, sale or lease at and after 7 o'clock standard time in the forenoon of June 1st, 1982.

Communications regarding this matter should be directed to the undersigned at the Whitney Block, Parliament Buildings, Toronto.

W.T. Foster
Deputy Minister of Natural Resources.

HHSS holds annual graduation exercises

Diplomas were presented to 124 graduates of Haliburton Highlands Secondary School Sunday night at the school's commencement exercises.

Some 105 students qualified for Grade 12 graduation diplomas, while 19 others were presented with honour graduation diplomas for successfully completing Grade 13.

Three of the 19 Grade 13 students were awarded Ontario Scholarships for an average of at least 80 per cent in six subjects. Receiving the awards were William Packard, Miriam Vanderwal and Michael Wright, who was also the Grade 13 valedictorian.

Scores of parents, relatives and friends were on hand to view the ceremonies, which began with the traditional procession of graduates, teachers, administrators and board of education representatives.

Suzanne Penney gave the valedictory address on behalf of the Grade 12 students.

Director of Education Douglas Hodgson and board of education chairman Ross Anderson presented diplomas to the Grade 12 graduates.

Receiving diplomas were: Robert Abbs, Georgina Anderson, Michael Anderson, Craig Archer, Marilyn Arsenault, Bret Austen, Janine Austin, Katherine Austin, Larry Bagg, Stanley Baker, Allan Barnhart, Richard Beene, David Bishop, Shane Blakely, Linda Booth, Andrea Burk, Stephen Carnochan, Elizabeth Chadwick, Marie Cham-

bers, Shaun Chapman, Rick Choy, Allan Cook, Blair Cooper, Casey Cox, Sally Cox, Karen Croft, Douglas Cross, Cathy Darby, Wendy Davis, Barry Devolin, Terri Dillon, Lisa Dunham, Karen Eager, Stephen Elliott, Glenn Evans, Andrew Feltham, Candy Findlay, Lee Finlay, Steven Foster, Paul Gilder, Kimberley Griffin, Kelly Harrison, Laurie Harrison, Sean Harrison, Sharon Harrison, Michael Hatkoski, Edward Heard, Roger Hicks, James Hogg, Susan Horsley, Steven Howard, Karen Hughey, Judy Hutchings, Pamela Iles, Christine Kinsman, Stephanie Kuno, David Lennie, Brian Lloyd, Philip Mackie, Lisa Mahaffy, Bernice Maughan, Trent McElwain, Anita McKinlay, Laurie McKnight, Jon Mihaldinecz, Cameron Monk, Ernie Mosgrove, Corrine Neville, Cheryl Newell, Marguerite Newell, Cheryl Nicholls, Timothy Noble, Paul Northey, Russell O'Brien, Suzanne Penney, Lorry Perry, Brenda Phillips, Jackie Picard, Kelly Poole, Wendy Roberts, Ralph Roodenburg, Laurie Sawyer, Terry Sawyer, Tony Scheffee, Kevin Shapiera, Vicki Smith, Cathy Stamp, Jill Stamp, Helen Stephen, Debbie Stevens, Steven Stewart, Kathy Stiver, Brent Stromberg, Glen Swanton, Jamesie Taylor, Jane Taylor, Rod Thurston, James Tomlinson, Pauline Upton, Randy Vanderstarren, Sharon Williams, Nancy Wise, Doris Wolm, Ron Yake and

from page 11

United Church hall on June 17. There were 25 members and three guests present. After the luncheon the president called the meeting to order.

The roll call asked you to reveal your secret pal for the past year.

Collections were taken for pennies for friendship, cards and use of church hall.

The card convenor reported sending 21 cards between May and June meetings.

Mrs. Lily Hogg thanked all for work on quilt top donated by her, the quilting and selling of tickets. This quilt was won by Jeffrey Moore of Clementsport, N.S., ticket number 467 (My grandson and he still doesn't know he won it).

Mrs. Sears gave a reading entitled "Are you handicapped?" then Mrs. Mary Packard showed a film entitled "Not Walking Kind". She was thanked by Mrs. Lyman Cox.

Mrs. Don Berry then gave out the new names for secret pals for 1981-82. The programmes were given out for 81-82. The tickets for the afghan and cushion may be gotten from Mrs. A.S. Kernohan as soon as they are ready. The meeting closed with the singing of God Save the Queen.

Mr. and Mrs. Bob Dudman of Markham spent the week-

end with Mrs. Grant Hewitt.

The problem with today's politicians is that they're a lot like polkas -- they have different names but they all sound alike!

Mr. and Mrs. Blake Hughes and daughters of Mississauga spent the weekend with Mr. and Mrs. R.J. Hughes and when they went home Dana Hughes and Carol Ann Titus went with them for a holiday.

I was talking to Mrs. John Fleming the other day and she was saying what a wonderful reunion she, brother Jack MacArthur and wife Jean, had with sister Betty in England. Jack rented a car over there and they toured England and Wales.

Just remember school is out so beware of the small and large ones walking on the streets and roads. Be prepared to stop in a hurry.

By the way friends, if you plan on going to buy your groceries out of town, check the stores here first. I have checked in Peterborough and Bracebridge and the prices in Haliburton County, on the whole, are as cheap or cheaper than they are in those places. Sure, if you are going out for another reason you might find specials that are cheaper but not many, so don't waste gas to buy other places, buy at home.

Adios and take care now.

The strawberries looked sumptuous at the Happy Gang's annual Strawberry Supper at Extencare in Haliburton Village last Monday evening. Here, Elizabeth Roberts tops off the fresh strawberries with a dash of milk.

Trent Severn

Heavy rains again hit large part of the watersheds of the Trent and Severn on Monday, June 15, and Tuesday, June 16. Peterborough received over 60 millimetres, Haliburton about 25 millimetres, and Orillia about 40 millimetres from Sunday to Wednesday morning. Many lakes rose about five centimetres due to this and released flows were increased by canal staff to limit the rise. By the end of the week (June 19) a general decline was in effect.

The stored water in Haliburton lakes immediately before the rain amounted to 95.6 per cent on June 15. This probably increased by two or three per cent with the rain and reduced flows should

maintain this until next week. Lake Simcoe-Couchiching rose about one centimetre with the rain to be about two centimetres above the rule curve level for this time of year.

Carnarvon

Coboconk News

by Shiela Lake

I'm happy to report Maisie Brohm is home from hospital. She came home on Thursday and I'm sure she has had enough of hospital hospitality for awhile.

Not so fortunate is Lena Hughes who is still quite ill in Ross Memorial hospital. Phyllis LeCraw of Norland underwent further surgery in Ross Memorial hospital on Thursday. We're pulling for you sick folk and trust you will soon be home again.

Our sympathy too, to Lillian (Mrs. Herb Angiers), whose mother, Mrs. Enice Holder was laid to rest on Thursday of this week past.

The Norland United Church Women are opening their Opportunity Shop at Norland again this year. There will be a new location so "hear ye, hear ye!". The new shop will operate from the Women's Institute Hall on Hwy. 503 just west of the flashing light at Norland. The shop will open June 30, a Tuesday, and every Tuesday and Saturday afternoons from 1:30 p.m. till 4 p.m. until the end of September. There are lots of bargains as always and the ladies hope to see you there on June 30.

The new Kawartha water safety programme will soon be underway again. Lessons will start on Monday, July 6, 1981 to July 31, 1981 and the instructor will be Wendy Griffin who is a qualified Red Cross instructor. The leader is Kathleen O'Reilly.

Cost per child for 20 lessons is as follows: pre-beginners - \$10; beginners - \$10; junior - \$15; intermediate - \$15; senior - \$15; bronze - \$20, if enough for the class. Adult Survival (one hour lessons) - \$2.00 per lesson. The fees are the same as last year. There is a \$5 reduction if three or more pupils are registered from the same family. This is a successful programme and each year many youngsters are involv-

ed and have a good time. Knowing how to swim is most important since we have so many lakes and rivers all around.

The Ladies Auxiliary of the Canadian Legion are having a yard sale and have many "treasures" for you to buy. If you love flea markets or yard sales - be sure to take this in on June 27 at the Legion.

Mrs. Harriet Millard had the misfortune to fall and break her hip on Wednesday. Harriet broke a hip a couple of years ago and now it is the opposite hip. However, knowing Harriet, she will pull through this just as she did before. Good luck, Harriet! We wish you a speedy recovery and have a good time.

ed and have a good time. Knowing how to swim is most important since we have so many lakes and rivers all around.

The new addition that Fred Auster is adding to his home is coming along well.

Mrs. Ruth Hall and daughter, Cindy McCulloch of Lindsay, visited Sam and Milne Rouleau on Friday.

John and Dorothy Ludden of Dunstable, Bedfordshire, England, have returned home to England after a three week visit with his sister, Mrs. Gwen Rutter. It was their first visit here with Gwen and all enjoyed their visit together.

I enjoyed tea with Sis Gillis and friends at Kimmount on Thursday.

Mrs. Gwen Rutter, her brother and his wife, Mr. and Mrs. John Ludden of England, spent several days with Gwen's daughter, Mr. and Mrs. Don Fountain and boys at Barrie, last week.

Dr. Wm. White of Calgary and his mother, Mrs. Reta White of Fenelon Falls, Ross Fisher and Walter Marks of Lindsay, Mr. and Mrs. Bill Goode and boys of Queensville, all were visitors of Mrs. A. Marles on Sunday.

Mrs. Ada Irwin, Mrs. Violet Bodkin and Verna, all of Lindsay, and John Hogg of Lindsay, were Wednesday visitors of Mr. and Mrs. Ross Faulkner.

Dorset News

by Phyllis Briscoe

"It the month of June, the month of leaves and roses, when pleasant sights salute the eyes and pleasant scents the noses".

The sympathy of the community is extended to the family of Barbara Ellerington who passed away at Huntsville Hospital, June 6 at the age of 92. Funeral services were held at Burk's Falls where Mrs. Ellerington had resided prior to coming to Dorset to be with her son, William and his family.

The Dorset Senior Club wound up the season with a pot luck supper and social evening. The meeting was well attended with 32 members present. Last minute bits of business were taken care of and plans made for an active time beginning in September. There will be the trip to Canada's Wonderland on Thursday, June 25 which everyone is looking forward to.

We are happy to announce

the Candlewood gift shop on the dock is open for the season, with the same ladies on hand to accommodate you.

The Dorset Elementary school held their graduation exercises on Thursday, June 18 at the Frost Centre. It was rather a nostalgic affair as it was the last grade eight graduation from the school for the present, anyway, as grades five to eight will be going to school in Dwight in September. There were four young men and one young lady in the graduating class. The Valedictory Address was presented by Jeff Avery, the other graduates being Jacqueline Moulton, Todd Hughes, James Webb and John Neville. The evening was rounded off by the presentation of awards to various students and entertainment by the kindergarten, first and second grades, as well as music by the school choir under the direction of Mr. W. Glidden, the school

music teacher. And so the school opens in the fall with just the four lower grades.

There has been a lone loon swimming by the docks by

Wilberforce News

by Winnie Schofield

Ladies of the UCW association, accompanied by their husbands, held their final meeting of the season at the cottage of George and Cleo Earle at Otter Lake. There were 18 present and everyone

enjoyed a pot luck supper. A farewell presentation was made to Ruth Hopwood who has served as president of the UCW for a number of years. There were many wishes of good luck to go with the family

as they move to their new home in Belleville (not Kingston as mentioned in a previous column). Ruth responded by saying that she had been very happy with her good friends of the past seven

years and that she would be leaving with fond memories of happy times spent in this area.

That fascinating magician, Ron Oliver, will be on hand at the Lloyd Watson Memorial Centre on Saturday, June 27 at 2 p.m. Don't miss this superb entertainment that is being sponsored by your local library branch. No admission will be charged.

The Board of Education annual Chairman's Banquet was held in the memorial centre on Friday, June 19. This is the first time that the event has taken place in this section of the county and was a salute to Monmouth's centennial celebrations. A fine dinner was served by the ladies of the United Church. Later the guests were entertained by the Wilberforce elementary school children with participation by those from kindergarten to grade four. Bill Glidden directed the

program which included a play "The Canada Goose".

The Centennial Museum is now open and ready for your inspection. During this week the building is open for two hours in the evening from 7 to 9. Many people have spent hours arranging the treasured articles that have been loaned by kindly interested citizens to mark this special year. So come in and bring along a friend and we guarantee an interesting experience.

The two centennial signs were the work of Barbara Schofield as her contribution toward Monmouth centennial. Having been born here and grown up in the area she still feels an affiliation with her home.

The Wilberforce girls' softball league is sponsoring a dance to be held in the Lloyd Watson Memorial Centre, Saturday night, June 27 from 9 until 1. Dance group will be The Versatiles.

Farm News

It's strawberry time in Victoria County.

All the growers in the area expect their berries will be ready for picking during the week of June 22. From then until mid-July there should be an abundant supply of berries in this area.

Strawberries are the most popular "pick-your-own" crop in Ontario. All the large growers in Victoria County operate on a pick-your-own basis. Over 60 acres of berries are in production here this year.

Several different varieties of strawberries are grown in the area. All of them are excellent for eating fresh, freezing, or preserving.

The Redcoat variety is a traditional favourite. Veestar is a newer dark red variety, which tends to retain more colour after freezing. Some other varieties are later maturing, so help to extend the strawberry season.

There are seven pick-your-own strawberry patches in Victoria County of which we are aware.

Kent's are located on Highway #35 - 2 miles south of Highway #7. They have an eight-acre patch of Redcoat, Veestar and Guardian varieties.

Poder's have ten acres of berries on the River Road, off Highway #35, south of Lindsay. Redcoat, Veestar and Sparkler are their main varieties.

Robertson 1867 Farm has the largest operation with over 20 acres of strawberries. Veestar, Vibrant and Bounty are their main varieties. The Robertson farm is located on the Scotch Line, south of Highway #36 between Bobcaygeon and Dunsford.

Roskammer's have 2 acres of berries for the first time this year. They are located in Fenelon Township, on the side road north of Powles Corners and are 1 mile east of Highway #35, just west of Highway #121.

Sebright Gardens are operated by D'Arcy Elson on Highway #503 about two miles east of Sebright. Redcoat and Veestar are the main varieties in their 12-acre berry patch.

Valentia Gardens are just north of the village of Valentia, south-east of Little Britain. Harry Puusne has

eight acres with Veestar, Redcoat and Vesper as their main varieties.

Zimmerman's have six acres of Redcoat berries in production this year. They are located on the sixth concession of Mariposa Township, about 3 1/2 miles west of the Oakwood to Little Britain County Road.

All the growers ask that you bring your own containers, however, most have a small supply of baskets which they will sell you if necessary. The standard container for pick-your-own is a 6-quart basket. Most growers have a basic price for a level basket, and a higher price for a 'jumbo' or heaped full basket.

Dorset

from page 15

himself. I hope he has a mate somewhere and hasn't been left alone by some accident.

Don't forget that Lions bingo will be twice a week beginning on the 29th, every Monday and Thursday at 8 p.m. in the Dorset Community Centre.

On Saturday, July 4, the Dorset Knox United Church are holding their 16th annual auction sale, beginning at 6:30 at the township garage next to the community centre.

During the afternoon, beginning at 3 p.m. in the centre there will be a bake sale, used clothing and craft sale put on by the ladies. There are still donations needed for the sale so if you have anything to contribute please call Robinson's store, 766-2415 and they will arrange for someone to pick it up.

H.H. When pan frying or sauteing, always heat the pan before adding the butter or oil. Not even eggs will stick with this method.

Back-a-frog

from page 10

'Frog'. The jump-off to decide a winner will be held in conjunction with the club's extravaganza Saturday.

Don't forget that the weather can seriously affect strawberry production, and the grower has no control over this. If it's too cold, or too dry, or too wet, the berries might not be as large, or ripen as quickly as you expect. As a result it is possible for a grower to have to close for a day or two until more berries ripen.

Also, remember that a strawberry patch is not a playground for children and pets. Leave them home, rather than cause problems.

The main advantage to picking your own berries, is that you can eat them or freeze them or preserve them, the same day they are picked. That's when you get the peak of quality and flavour. If you're picking for freezing or processing, plan your program so you can complete the whole operation the same day you pick the berries. Picnic coolers can help keep the berries fresh during the trip home. Don't forget strawberries are fragile, so be very careful not to crush the berries in whatever container you choose.

So enjoy some locally grown strawberries, both now during their season and during the months ahead from your freezer or jars.

24. DEATH NOTICES

AT REST
Wednesday, June 17, 1981 at St. Joseph's Hospital, Peterborough
Edith Maude Winch
In her 87th year.

Beloved wife of the late Laurence Winch; dearly loved aunt of Berle (Mrs. Ferguson), Bernice (Mrs. Sparkes), Gar Hamilton, Jean Morton and Ruth (Mrs. Murphy); dear step-mother of Margaret McMulkin and Mary Scott; dear sister of the late Blanche Hamilton and Wilton Morton.

Funeral Service
Rested at the Gordon A. Monk Funeral Home, Minden. Funeral service was held in the Chapel Friday, June 19, at 8:00 p.m. Graveside service was held at Queensville Cemetery on Saturday at 11 a.m. 31-CA-24

25. IN MEMORIAM

SMITH, Murray - In loving memory of my brother who passed away on June 19, 1968.

Things I feel most deeply are the hardest things to say, Dear brother, I loved you in a very special way. If I could have one lifetime wish One dream that could come true, I'd pray to God with all my heart, For yesterday, and you.

Always remembered by sister Audrey, brother-in-law Wess 32-P-24

BLAIR, Harry - In loving memory of a dear husband, father, grandfather and great grandfather, who passed away June 18, 1969.

In tears we saw you sinking, We watched you fade away, Our hearts were broken, You fought so hard to stay. But when we saw you sleeping, So peacefully free from pain, We could not wish you back To suffer that again.

Sadly missed by the family. 32-P-24
